DESCRIPTION

This warm and breathable sweatshirt has great thermoregulation properties thanks to the ARDON® SoftFLEECE material that retains heat while wicking sweat away and keeping your body dry. The material is very pleasant and windproof. Two spacious hidden pockets, easy zippered fastening, a sophisticated fitted cut. The upper part is reinforced with elastic material for greater resistance.

This personal protective equipment complies with the following standard requirements:

ČSN EN ISO 13688:2013 – Protective clothing – General requirements

The self-certification was carried out on the basis of the product's technical documentation and practical tests of the ergonomic properties of the company's product by the company Ardon Safety s.r.o. on 6th August 2021.

SOFTFLEECE® COMBO meets the requirements for health safety and is a holder of **OEKO-TEX® Standard 100 certification, PG020 certificate number 198786 OETI.**

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided. The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid fire and sources of intense heat. No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
